UPDATING our CHURCH

to Uplift Jesus

November 12, 2021

Dear McDonald Road Church Family,

Most of you have heard by now, we are getting ready to remodel our church sanctuary. It has been over four decades since our church was built and completed in 1979. We have made only a few revisions here and there through the years. With much prayer and careful consideration, our church board and church-in-business session has voted to move forward. Now it is time for a major refreshing of our sanctuary.

Our desire is to make God's House a place of beauty, dignity, and reverence; a place more appropriate for the worship of our heavenly Father. This is, after all, our Father's house. As you can well understand, it will take the energy, involvement, and dedication of all of us to bring this dream to fruition.

What a privilege to share in this joyous undertaking! Over the next few weeks, you will be given more information and opportunity to be part of this amazing project.

As your pastor, I am requesting that you make this a matter of earnest prayer. I encourage you to use the checkbox below as a tangible reminder of your commitment. I pray that your partnership in this project will be an appropriate expression of your love and trust in the One who so faithfully cares for you. As you consider what you will do, I pray that you will give from your heart. As we all cheerfully and lovingly pull together, our Lord will bless our endeavor to honor Him.

Thank you, and may our Lord continue to richly bless you.

Pastor Fred R. Fuller

UPDATING
our CHURCH
to Uplift Jesus

I commit to pray for our sanctuary renovation as we endeavor to Uplift Jesus at McDonald Road Church.
